

SKILLBUILDERS GROUP PROGRAMME

SOCIAL EYES

For Ages 6 - 13

This group aims to help children develop an improved understanding of social norms and expectations, awareness of appropriate social behaviour, and language skills for conversation. Some of the topics covered within the group include:

- 'the bubbles we move in', introducing the concept of our own personal space bubble
- Introducing the bigger bubbles around us eg: acquaintances helpers and strangers
- 'The conversation train', how to start and maintain a conversation
- Talking is more than just words, 'non verbal communication'.
- Introduce making 'SENSE' of things
